Illustrations in scientific publications tremendously help in clarifying complex biological systems. Think about nature covers, textbooks and 3D visualizations. Rogier Trompert is an artist specialized in *Scientific Illustration*. Trompert has worked for several scientist, pharmaceutical companies and publishers combining his artistic skills with (3D) MRI and CT imaging techniques to make the perfect illustration.

In this BioCafé there will also be a Tips ’n Tricks session by a professional publisher on how to pimp your thesis.

Registration for this event is required, so please send us an e-mail (rsg-netherlands@iscbsc.org) with your name, institute and whether you want come and eat dinner with us after the BioCafe.
